## OPEN MINDED

Calm and cultured, yet dynamic and exhilarating. The new Lexus IS 250C is both a stunningly beautiful coupé and a passionate love-for-life convertible. Its design language combines leading edge technologies with exquisite quality. The essence is refinement and choice.

Genuine Lexus accessories extend that concept even further. The range has been conceived by Lexus purely for Lexus cars and Lexus drivers. Each accessory enhances the IS 250C with subtle extra facets of style, practicality and technical innovation.

Whether driven with the top up or down, the IS 250C experience is one of elegance, balance and poise. Lexus accessories add touches of individuality. Together, the sensation is automotive sophistication in its purest sense.

# DESIGN

### STYLISH THINKING

#### A. WHEEL LOCKS

Replacing one nut on each wheel with a Lexus wheel lock maximises alloy wheel security. A rounded profile and coded key make the locks virtually impossible to remove with a conventional spanner.

#### B. 18" ALLOY WHEELS, L15

A classic 15 spoke sports design that emphasises the power and performance of the IS 250C. The look is unmistakably Lexus.

#### C. 18" ALLOY WHEELS, L18

With its bold geometric design, the L18 alloy wheel adds a distinctive highlight to the sophisticated styling of the IS 250C.

# TECHNOLOGY

## ENHANCED FUNCTIONALITY

### A. DAB

Upgrades the integrated tuner within the IS 250C's audio system to receive digital audio broadcasting. Operation is via clearly defined controls on the touch-screen display or on the instrument panel.

### B. BLUETOOTH® COMPLEMENTARY KIT

Added convenience when using a Bluetooth® phone\*. A discreet external antenna enhances reception and there's a cable-less cradle to secure the phone and charge its battery. Conveniently, the cradle can be used in other cars fitted with the same system.

\* Contact your Lexus Retailer for details of phone compatibility.

# COMFORT AND STORAGE

## ADDED PRACTICALITY

### A. VERTICAL CARGO NET

So simple in concept and yet reassuringly practical. The net clips neatly on to pre-fitted hooks in the trunk to hold smaller items firmly in place.

### B. HORIZONTAL CARGO NET

Luggage or bags sliding around in the trunk can be a distraction to the IS 250C's ultra quiet ride. The horizontal cargo net provides a convenient time-proven solution.

### C. TEXTILE FLOOR MATS

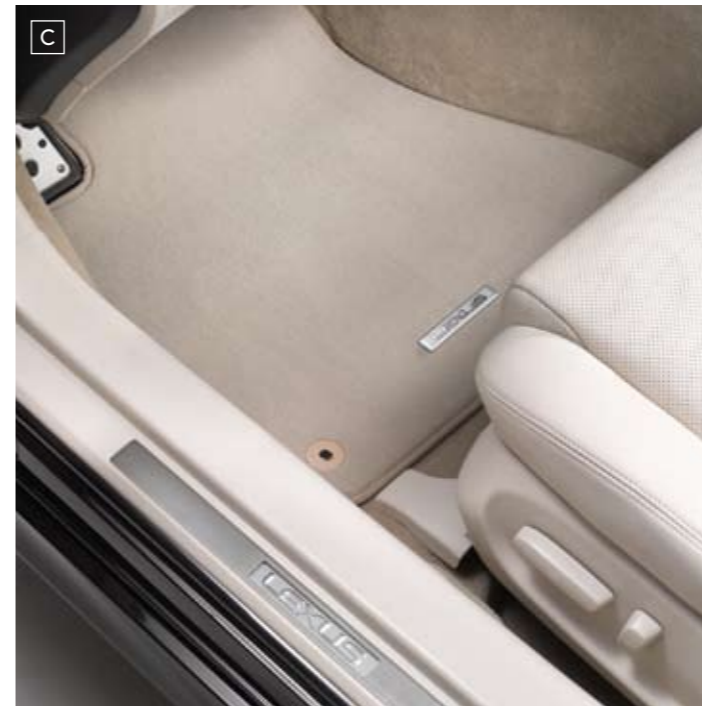

Lexus mats are acoustically permeable so that cabin noise is absorbed by the underlying carpets. Made of hard wearing velour, they have special floor fixations to prevent slippage. Available in black or mellow white.

### D. REVERSIBLE TRUNK MAT

Versatile protection for the trunk carpet. The mat is shaped to fit the IS 250C and has luxurious black textile on one side with a rugged spill-proof plastic on the other.

### E. FOOT REST

Especially designed for passenger comfort. The adjustable height and relaxing soft velour covering makes the Lexus foot rest an ideal accompaniment for any journey.

# SAFETY AND PROTECTION

## EXTRA ASSURANCE

### A. REAR BUMPER PROTECTION FILM

Dependable protection against paintwork scuffs and scratches. The transparent self-adhesive film is custom shaped to fit the IS 250C rear bumper contours.

### B. DOOR HANDLE PROTECTION FILM

Ideal for preventing minor scratching around the door handles. Made of transparent self-adhesive film for discreet yet reliable protection.

### C. WIND DEFLECTOR

The wind deflector reduces turbulence and wind noise within the cabin space to enhance passenger comfort and create the ultimate top-down driving experience. Its adjustable tilt aids rear visibility.

# SAFETY AND PROTECTION

## REASSURINGLY SAFE

### A. BABYSAFE RESTRAINT SEAT

Assured comfort and side impact protection for babies aged up to around 15 months (to 13 kg). Special features include an adjustable canopy to guard delicate young skin against the sun and wind.

A

### B. DUO PLUS ISOFIX RESTRAINT SEAT

Dependable protection for children aged between eight months and four years (approximately 9 to 18 kg). The Duo Plus locks into the rear seat ISOfix bars to anchor onto the car body and also attaches with a top tether for all-round stability. Ergonomic cushioning and an integral seatbelt maximise comfort and security.

B

### C. KID RESTRAINT SEAT

For children of between three and 12 years (approximately 15 to 36 kg). A booster seat and adjustable head rest add flexibility for a growing child while also ensuring correct seatbelt positioning.

C

# CAR CARE AND SAFETY

## EXPECTING THE UNEXPECTED

### A. FIRE EXTINGUISHER

Carrying a fire extinguisher is perfectly logical. Dealing quickly and effectively with a glowing ember prevents the situation escalating.

### C. FIRST AID KIT

The Lexus first aid kit contains everything needed to treat those little cuts and scrapes that can so easily happen.

### B. WARNING TRIANGLE

Who knows what lies around the next corner? Carrying a warning triangle is good preparation for the unexpected.

### D. REFLECTING JACKET

See and be seen is a golden rule of personal safety. The Lexus reflecting jacket is designed for high visibility.
